

Giving Tuesday - can you help?

In the past three years, Zero Waste Victoria has mobilised a dedicated group of people to advocate and work for change by addressing the growing issues of waste. Like you, we know there is a lot more to do to reduce waste from individual actions through to government policy.

With the help of supporters like you, Zero Waste Victoria has been successful in getting the message out there to empower the community to avoid waste at events around Victoria, and by hosting Australia's largest zero waste festival three years in a row. We fought hard and won [an appeal](#) against the EPA Waste to Energy works approval in Laverton North in 2020, securing better health and environmental outcomes for the community and setting a precedent for future waste to energy plans in Victoria.

There is still a lot of work to do and we are only getting started.

This Giving Tuesday can you help us continue our work by making a [donation](#).

Your donation will help us fund campaigns in 2021 to make a real difference including:

- [Bring Your Own Containers](#): supporting local businesses and Victorians to shop waste free
- advocating to government and business to support waste avoidance, repair, and reuse
- redesign our website to make it more accessible and packed full of local resources for waste warriors like you

Can you give a one-off donation of \$5, 20, 50, 75 or 150 to support our campaigns and help make changes towards a world with less waste?

[Donate here](#)

Together we can do this

Thank you,
Zero Waste Victoria

P.S. You can also support Zero Waste Victoria each month, by taking out a membership starting from [\\$5 per month](#).
